Technical Bulletin 24-001

A & H Cabinets GSA-Approved Labels

It has come to the attention of the DoD Lock Program that the A&H Cabinets manufactured from the fall of 2023 until June of 2024 had an unapproved GSA-approval label. Federal Specification AA-F-358K (paragraph 3.8) states the GSA-approval label must be metallic however, the GSA-approval labels on the A&H containers produced during this period have a Mylar reinforced paper label. Although the Mylar label does not meet Federal Specifications, the A&H container is still GSA approved.

Unapproved Mylar/Paper Label

Approved Metallic Label

New metallic A&H replacement GSA-approval labels are available by contacting the manufacturer and providing your cabinet's serial number:

A&H Security Cabinets, Inc.
Attn: Ron Anderson
1413 Bur Oak Ct.
Hebron, KY 41048, 859-816-3758.

If you have any questions or need further information, please contact the DoD Lock Program at the information listed above.
