

NAVAL FACILITIES ENGINEERING SYSTEMS COMMAND TECHNOLOGY TRANSFER UPDATE

Issue 225: July 10, 2023

2023 Technology Transfer (T2) Survey

This T2 e-mail is a special edition to survey Remedial Project Managers and stakeholders for the Department of the Navy (DON) Environmental Restoration Program (ERP). This survey is an important tool for the early identification of challenges facing the DON ERP. The feedback from the survey will help the Navy to direct technical support efforts to meet evolving needs.

To access the survey, please use the link below:

<https://www.surveymonkey.com/r/RD926NN>

We would appreciate a response to the T2 survey by July 24, 2023.

Thank you for your input!

About This Email

This email supports the NAVFAC Environmental Restoration Program by providing the latest information on policy, guidance, and training related to innovative technologies. Links are provided to T2 resources and tools. Our goal is to promote the use of innovative technologies, remove barriers to implementing new technologies, and reduce cleanup costs, while remaining protective of the environment and human health.
