

This e-mail supports the NAVFAC Environmental Restoration Program with the latest information on policy, guidance, and training related to innovative technologies. Links are provided to Technology Transfer (T2) resources and tools. Our goal is to promote use of innovative technologies, remove barriers to implementing new technologies, and reduce cleanup costs, while remaining protective of the environment and human health.

## New ERB Web Site Address – Find Solutions to Your Cleanup Needs!

We are excited to announce that the NAVFAC Environmental Restoration and BRAC (ERB) web site has a new address at:

<https://exwc.navfac.navy.mil/go/erb>

The web site serves as a one-stop resource for Department of the Navy (DON) personnel, contractors, and the public interested in environmental site cleanup efforts. The web site has a new look with the same great features including overview, program support, focus areas, and training. Topic-specific web pages summarize key environmental restoration issues and provide links to the latest technical resources.

**Go ERB to learn more today!**
